Dear Suzanne,

I wanted to share with you my appreciation for the effort and commitment of you and your staff at Crescent Supply. I have worked with you for over fifteen years, first as a private consumer and now as an interior designer. Your commitment of quality design products are beautiful, sustainable to meet all the green design standards, energy efficient and cutting edge. You have something for everyone's style and budget. I can always expect competent advice from sales to service. It is a privilege to work with you. I look forward to forging new and innovative design projects with you.

Kindest regards,

Nancy Sakino Spears, Allied ASID, MIA
